## Town of Hunts Point Newsletter

Dear Residents:

This is a brief newsletter with a few update reminders.

Clean-Up Day is this Sunday, May 22<sup>nd</sup>. Members of the Emergency Team are to arrive at 8:30 AM for a Radio Check-In to inventory the emergency supplies. The schedule for Clean-Up Day is listed below.

ECC has begun construction as detailed in the letter link below. The Loop Trail is closed, and we need to stay off of it, as this area is now under construction.

The early season Milfoil application goes in the water this week. This kills the milfoil before it begins to grow, and has been more effective. It is best not to water your lawn from the lake within three days of application. Notices will be posted on the docks.

We hope to see everyone at the Clean-Up Day events on Sunday.

Sincerely,

A handwritten signature in cursive script that reads "Fred McConkey".

Fred McConkey  
Mayor

**91st ANNUAL CLEAN UP DAY  
SUNDAY, MAY 22, 2011**
