## **Message from the Mayor**

### CLEAN UP DAY

Our Town was built on a sense of community, pride, and volunteerism: all qualities that we showcase in our Annual Clean Up Day. Our next Clean Up Day will be May 17, 2015, and I NEED YOUR HELP!

Annie Ottesen has graciously offered to chair this year's event, but she cannot do it alone. We have a home for the evening cocktail party, but we need volunteers to help with all other aspects of the day, including pre-event planning and Clean Up Day tasks.

Please contact me at [mayor@huntspoint-wa.gov](mailto:mayor@huntspoint-wa.gov) and let me know how you would like to help support the ongoing vitality of our community!

- Mayor Joe Sabey

## **Hunts Point Circle—Watermain Replacement Project**

Work on the Hunts Point Circle Watermain and Stormwater Project has begun. There will be traffic interruptions during this project, and we apologize in advance for the inconvenience. Please watch your email for information on progress of the project and any major disruptions.

- A/C Water Main Replacement, 2015 Phase 1 - February to June, 2015
- Hunts Point Storm Drainage Dig and Repair - May to June, 2015
- Concrete Panel Replacement (Hunts Pt Rd) - Mid June to September, 2015
- Asphalt Pavement Restoration/Overlay - September 2015

## **What to do in a Marine Emergency**

If you have an emergency on the water, call 911 but tell them you have an emergency on the water. The 911 dispatcher will contact the harbor patrol unit to respond to your emergency, which will save time getting you the help you need and could save lives,

Town staff are now equipped to offer Notary Public services to residents of Hunts Point. Come to Town Hall during normal office hours to take advantage of this new service. Be sure to bring your picture identification with the documents to be notarized.

### Tree City and Arbor Day

For more than 23 years, Hunts Point has been recognized as a Tree City; one of the core responsibilities for this recognition is to observe Arbor Day, traditionally the last Friday in April. In Hunts Point, the Arbor Day celebration is combined with Clean Up Day in May and includes the planting of a tree (though tree planting has been suspended for the last few years due to SR-520 construction). Now that SR-520 construction is nearly complete, the Town plans to begin planting trees again; however, we are waiting to see what the Washington State Dept. of Transportation plants on the new lid over SR-520 before we make final tree-planting plans for this year.

Whether we are able to plant a tree this year or not, Mayor Sabey will read a proclamation in honor of Arbor Day during Hunts Point’s Clean Up Day. We hope you will plan to attend and celebrate your stewardship of the urban forest that helps make Hunts Point such a special place to live.
