PLUMBING PERMIT APPLICATION INSTRUCTIONS
TABLE B
New Single Family and Large Remodels, Additions and Setback Reviews
Not Measured in Square Feet
(Building, Mechanical and Plumbing)

Welcome to the Hunts Point plumbing permit process. Property owners must obtain permits to document that the installation or replacement of plumbing equipment proposed for their property complies with all provisions of the laws, ordinances, and codes in effect at the time the application is filed with the Town. To obtain a permit for your proposed project, please complete the following steps:

- 1. REVIEW WHICH DOCUMENTS YOU WILL NEED.** The Town issues building, demolition, mechanical, plumbing, shoreline substantial development and exemptions, site development, tree removal, and right-of-way use permits. Bellevue City Hall issues fire sprinkler permits. The Washington State Department of Labor and Industries issues electrical permits.
- 2. DETERMINE WHICH OF THE FOLLOWING DOCUMENTS MUST BE SUBMITTED** for your project. Detailed information about these items follows.
 - A. APPLICATION FORM AND CHECKLIST:** You must complete an application for plan review and a checklist for all proposed construction requiring a plumbing permit. Please complete the forms by providing all the information requested, answering all questions accurately and signing the application.
 - B. PERMIT FEE:** When submitting your application for Plan Review and Permit, you must pay a plumbing permit review fee. The fee is based on Table B.

[Fee Schedule - Hunts Point, WA \(huntspoint-wa.gov\)](https://www.huntspoint-wa.gov/fee-schedule)

- C. PLANS AND SPECIFICATIONS:** Submit your plans and application as follows:
 - a. FLOOR PLAN** showing the existing or new floor configuration and the proposed installation of plumbing equipment for each floor, including fixture count.
 - b.** Other specifications, calculations, reports and information are available to you at the time the application is submitted.
- 3. CALCULATE THE ESTIMATED FAIR MARKET VALUE OF YOUR PROJECT AS FOLLOWS:** For remodel work, the costs for all the construction including but not limited to architect and engineering fees, site preparation, demolition work, disposal, material delivery and placement, restoration work, and all labor, materials, overhead and profit to complete the project. For new construction, the cost will be determined by square footage. The valuation shall be determined the same as the remodel work. A plan review fee will be collected at time of submittal. The total amount due at the time of permit issuance will be based on either valuation for remodel work or square footage on new construction.
- 4. SUBMIT THE COMPLETED APPLICATION FORMS, PLANS** and supporting documents electronically to: permits@huntspoint-wa.gov. The fees are required at time of submittal, either by mail,

TOWN OF HUNTS POINT

putting the check in the Town mailbox at the east end of the parking lot, or bring the check to Town Hall by appointment. Town staff will review your application for completeness and notify you if further information is needed.

5. After accepting your application and fees, the Deputy Clerk will process your application and documents and forward the plans through the permit tracking system to the Town Planner, Town Building Official, Town Engineer, and/or Town Arborist if needed for review and approval. If additional or revised information is needed to complete the plan review, the staff reviewer will notify you directly. **PLEASE PROVIDE ANY ADDITIONAL INFORMATION REQUESTED AS QUICKLY AS POSSIBLE TO AVOID DELAYS IN THE REVIEW OF YOUR APPLICATION.**
6. After the plan review is complete, the Deputy Clerk will notify you that your permit is ready to be issued. **YOU WILL BE NOTIFIED OF ADDITIONAL FEES WHEN YOUR PERMIT HAS BEEN APPROVED.** All applicable fees must be paid before the Deputy Clerk can issue your permit. Fees cover the administrative costs of processing your permit application and anticipated costs of inspecting your project during construction. In the event the costs incurred by the Town for your project exceed fees paid, you will be billed for additional inspections and other project-related fees by the Town.
7. Your permits and associated information will be sent to you electronically. After you have obtained your permits and inspection sign-off card, **REVIEW THE “CONDITIONS OF PERMIT APPROVAL.”** If you have any questions about these conditions, contact the Building Official directly. As the property owner and permit holder, it is your responsibility to ensure that these conditions are met. If your contractor fails to meet any of these conditions, the Building Official may impose a fine and/or Stop Work Order on your project.
8. **PRINT AND POST THE PERMIT AT THE PROJECT SITE** in a conspicuous place and maintain a full set of approved plans, documents, and supporting reports available on the jobsite at all times until final inspection.
9. **DESIGNATE A PROJECT CONTACT:** A project supervisor must be designated and is responsible for all construction activities and compliance with the parking plan and will serve as a 24-hour contact.
10. If any changes are made to your project after the initial plan review is completed or a permit issued, **CONTACT THE DEPUTY CLERK TO SUBMIT REVISED DOCUMENTS** electronically showing the proposed changes and indicating the changes by clouding the revisions. There will be a plan review fee associated with the changes which will be billed to you. **KEEP THE REVISED PERMIT DOCUMENTS WITH THE BUILDER COPY SET ON THE JOBSITE AT ALL TIMES.** Deviations from your approved permit documents that are not reviewed/approved in advance may delay the completion of your project.
11. During construction, the Building Official will perform inspections as noted on the project inspection card. He/she also may require supplementary inspections or certifications. When the project is ready for a required inspection, **CONTACT THE BUILDING OFFICIAL DIRECTLY TO SCHEDULE AN INSPECTION AT LEAST 24 HOURS IN ADVANCE.** If the total cost of your project’s inspections exceed fees paid, the Town will bill you for the excess fees. If you have overpaid the inspection fee, the difference will be returned to you.
12. If the Building Official finds something to be corrected because of an inspection he/she will need to re-inspect the corrections when completed. **CONTACT THE BUILDING OFFICIAL DIRECTLY TO SCHEDULE THIS RE-INSPECTION.** Some of the other conditions under which a re-inspection may be necessary include but are not limited to:
 - Permit or permit documents not posted or not available on the jobsite.
 - Work to be inspected not complete enough to perform the inspection.

TOWN OF HUNTS POINT

- Access to project not provided on the scheduled date and/or time of inspection.
- Construction performed without a valid permit.
- Construction performed deviates from the approved permit documents.

13. As the property owner and permit holder, it is your responsibility to **INFORM ALL YOUR CONTRACTORS AND THEIR WORKERS OF CONSTRUCTION REQUIREMENTS** and to **ENSURE THEIR COMPLIANCE**, including **CONSTRUCTION HOURS and PARKING RESTRICTIONS**. Permits are issued on the condition of compliance with the laws, ordinances, and codes in effect at the time the permit application was filed with the Deputy Clerk. Permits issued in error or based on incomplete, incorrect, or inaccurate information may be suspended or revoked. Upon inspection, work found to be constructed in violation may be ordered removed and/or brought into compliance at any time an official of the Town becomes aware of the violation.

14. Your **PERMIT EXPIRES FIVE HUNDRED FORTY DAYS FROM THE DATE OF ISSUE**. If you cannot complete your project within that time limit, **CONTACT THE DEPUTY CLERK TO DISCUSS AVAILABLE OPTIONS**.

15. As the property owner and permit holder, it is your responsibility to **RETAIN COPIES OF ALL PERMIT DOCUMENTS**, including the application and supporting plans and documentation, the permit card with inspection record, and any other paperwork or information that documents the type of work performed and its permitted status. The Town retains copies of this information, but there is no guarantee that the Town will still have documentation for your project available after one year.

The information above explains the process for plan review and permit issuance in the Town of Hunts Point. Please note that some of these steps may not apply to the permit for which you are applying.
